

Anderson Vacations – Your One Stop Canada Travel Solution – has released their new **2009 Canada Independent Travel Brochure**, for families, independent travelers and small groups.

This brochure focuses on independent travel packages throughout Canada with a product to serve every customer. Experience the excitement of ocean kayaking through the gulf islands, take in the culture and history of Quebec City one of North America's only walled cities, or take a step back in time as you explore the infamous home of Anne Green Gables in PEI. Anderson Vacations still offers such old favorites as the Mountain Moment Rail Journey (best selling package - 2008), or Ultimate Ontario & Quebec package which takes in the best attractions these provinces have to offer.

Anderson Vacations is also excited to be offering a new range of Western Ranch Experiences. Discover Alberta the old fashioned way! Book your clients in one of many working ranches, participate in a cattle drive or pack trip, and experience the excitement of the Old West right here in Canada!

Within the **2009 Canada Independent Travel Brochure** there are packages for couples looking to have a weekend away in the mountains, girlfriends looking to have a shopping trip to Montreal, family fun in Vancouver or travelers wanting to come and experience the greatest outdoor show on earth - the **Calgary Stampede**. Our Stampede packages include downtown hotel locations and reserved event seating. Be sure to book early for best seat availability!
